

# Basic Quillow

Please read all instructions carefully AND identify all fabrics before beginning.

All instructions include a 1/4" seam allowance and strips are cut selvage to selvage, unless stated otherwise.

## 1. Cut the following for Two-Fabric Version:

**Fabric A** - Cut (1) 71" x WOF (width of fabric) piece

Cut (1) 19" strip, subcut (1) 19" square

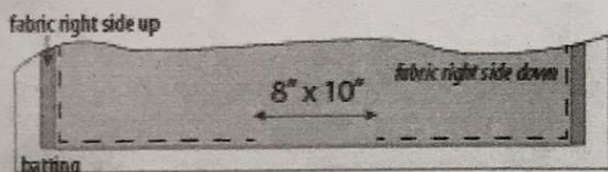

**Fabric B** - Cut (1) 71" x WOF (width of fabric) piece

Cut (1) 19" strip, subcut (1) 19" square

## 2. Piecing Order for Two-Fabric Version:

1. Determine which of **Fabrics A** or **B** 71" x WOF pieces is the widest. Place this piece, or either piece if the same width, right side up on a 48" x 75" piece of quilt batting. Place the second 71" x WOF piece right side down on the first piece, aligning edges as much as possible. Pin layers together.

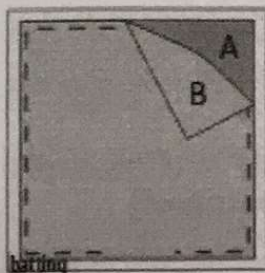

2. With a 1/2" seam allowance stitch around all edges being sure side seams do not include selvage edges. Leave an 8"-10" opening on bottom edge for turning.

3. Trim excess fabric and batting. Trim corner seam allowances to 1/4".

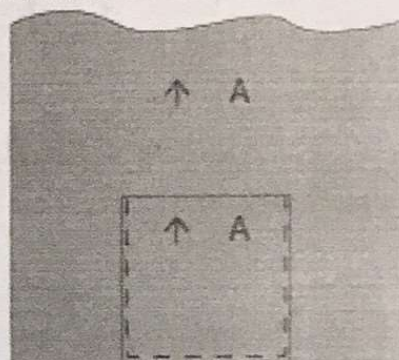

4. Turn right sides out. Push out all sides and corners. Press flat. Stitch opening closed. Quilt or tie as desired.

5. Place a 21" piece of batting on a flat surface. Center **Fabric A** 19" square right side up on batting. Place **Fabric B** 19" square right side down on **Fabric A** square, aligning all edges. Pin layers together.

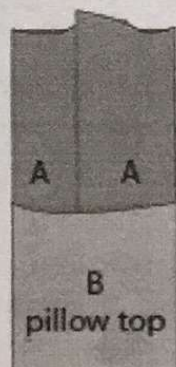

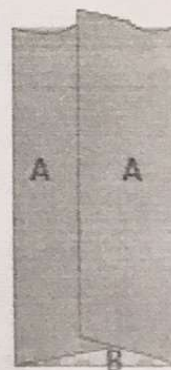

5. **Cont.** Sew around all edges with 1/2" seam leaving a 4-6" opening for turning. Trim batting even. Turn right sides out. Push out all sides and corners. Press flat. Stitch opening closed. Quilt or tie pillow top as desired.

6. Arrange pillow top **Fabric A** side up on **Fabric A** side of quilt. Align centered on bottom edge. If **Fabric A** is directional, have both quilt and pillow top print orientated to top. Stitch around sides and bottom of pillow top, backstitching to secure at top edges. Finished Quilt-Pillow is approximately 42" x 70".

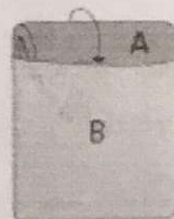

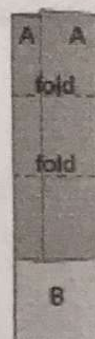

Arrow indicates orientation of directional print if used.

7. To fold quilt into a pillow, place **Fabric B** side up on a flat surface. Fold the long edges toward center so the entire piece is the width of the pillow top.

8. Turn the pillow right side out so it encloses the bottom of the quilt.

9. Fold the quilt as shown and tuck it into the pocket. Enjoy!!

Shading of diagrams may vary depending on fabrics used.
