

EPP – Christmas Ornament Assembly

Assemble block.

Remove papers and press.

Tack in ribbon loop

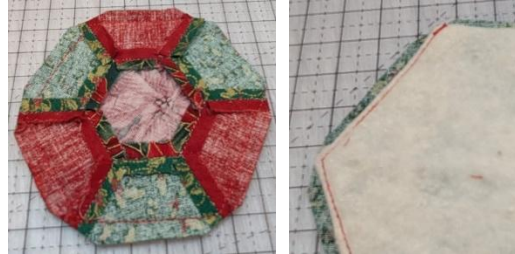

Stack layers: batting, backing-right side up, block-right side down

Stitch around block with $\frac{1}{4}$ inch seam, leaving one side open for turning (but not the side with the ribbon attached)

Trim away extra batting and backing fabric. Clip corners. I also then trimmed the batting close to the seam to reduce bulk.

Turn right side out and press.

Sew opening closed.

Quilt and trim as desired.
