

Shooting Stars

Designed by Donna Jordan for Jordan Fabrics

8 5" colorful squares

1 light 5" center square

8 3" white squares for star points.

Iron each of the 3" squares in half along the diagonal line from corner to corner. Open up the fold and place the 3" square on the corner of a 5" square. Stitch along fold line and trim the bottom 2 layers leaving 1/4" seam allowance. Refold and steam press the triangle so the block is square again. Repeat for the second star point. See pictures below.

Take 4 of the star point blocks, 4 colorful charm squares, and a star center square, and lay out as shown above. Stitch into rows and stitch rows together.
